

2018 PROSPECTIVE PRODUCT CONTENT LABEL¹

Santa Clara Green Power matches 100% of your electricity usage. In 2018, *Santa Clara Green Power* will be made up of the following new renewable resources averaged annually.

Green-e Energy Certified New ² Renewables in <i>Santa Clara Green Power</i> 2018		Generation Location
Solar	100%	AZ, CA, CO, ID, MT, NM, NV, OR, UT, WA, or WY
Total	100%	

1. These figures reflect the renewables that we have contracted to provide. Actual figures may vary according to resource availability. We will annually report to you before August 1 of next year in the form of a Historical Product Content Label that actual resource mix of the electricity you purchased.

2. New Renewables come from generation facilities that first began commercial operation within the past 15 years. This product may include generation from facilities that were approved for extended use under a strict set of criteria by Green-e Energy and/or qualify as repowered.

For comparison, the 2016 average mix of resources supplying California includes: Coal (4.13%), Large Hydroelectric (10.21%), Natural Gas (36.48%), Nuclear (9.18%), Oil (0.01%), Other (Petroleum Coke/Waste Heat) (0.14%), Eligible Renewables (25.45%), and Unspecified Sources of Power (14.39%). This resource mix for 2016 as detailed by CA Energy Commission (http://www.energy.ca.gov/almanac/electricity_data/total_system_power.html)

The average home in Santa Clara uses 409 kWh per month. (Silicon Valley Power Utility Fact Sheet Jan-Dec 2016)

Company	Silicon Valley Power, the municipal electric utility for the City of Santa Clara.
Whom should I contact for more information?	You can visitsiliconvalleypower.com/green , email green@siliconvalleypower.com or call 408-244-SAVE (7283) .
How will I be billed?	Your green power purchase will be listed on your utility bill as a separate line item. This charge is in addition to your regular utility bill.
How will my bill be calculated?	You will be charged an additional 1.5¢ per kWh usage per month for residential/small commercial or \$15 per 1000 kWh block for medium/large commercial and industrial. This premium is only charged on the energy (kWh) used and is in addition to all other fees and does not include charges for customer service and delivery. This purchase is in addition to charges by your electric utility and you must also pay all applicable federal, state, and local taxes and charges.
How much will my total electricity service cost, including utility charges?	Based on a monthly average usage of 500 kWh, the example below provides you an estimate of your 2018 monthly electricity bill if you receive service from Silicon Valley Power, and the extra monthly cost for <i>Santa Clara Green Power</i> . Your actual bill will vary based on your use of electricity. 2018 Monthly Electricity Cost \$59.64 Green Pricing Premium \$7.50 Total: \$67.14
Will my rates change over time?	We expect the rates for <i>Santa Clara Green Power</i> to remain the same over time. We will notify you of any rate change in advance through customer communication.
What sources will be used in my certified product?	For a complete list of the resources included in <i>Santa Clara Green Power</i> , view the Prospective Product Content Label.
What happens if I move?	If you move within Silicon Valley Power's service territory, you will need to re-enroll in <i>Santa Clara Green Power</i> .
If I want to terminate this agreement/ contract, what is the early termination fee?	You may cancel your enrollment in <i>Santa Clara Green Power</i> at any time with no fee by calling 408-244-SAVE (7283).
What length of agreement/ contract is required?	This program is voluntary, you may cancel at any time.
