## Customer Agreement

For Official Use Only

- A To the extent permitted by law, Customer agrees to protect, defend, hold harmless and indemnify the City of Santa Clara, its City Council, commissions, officers, employees, volunteers, Strategic Allies, and agents from and against any claim, injury, liability, loss, cost, and/or expense or damage, however same may be caused, including all costs and reasonable attorney's fees in providing a defense to any claim arising from this Project, for which Customer shall become legally liable arising from Customer's acts, errors, or omissions with respect to or in any way connected with the prosecution of the work performed by Customer pursuant to the Rebate. Unless any such claim arises out of SVP's acts, errors, or omissions, but not by way of limitation, Customer specifically agrees to defend and indemnify SVP against any and all claims brought by any contractor or subcontractor acting on behalf of Customer with regard to the Project.
- B Customer guarantees that it will obtain and, upon Project commencement, will continue to maintain, all licenses or permits required by State, Federal and local governments and regulatory agencies for the Project to be performed by Customer under this Rebate.
- C This Application embodies the agreement between SVP and Customer with respect to the Project described herein and its terms and conditions. No other understanding, agreements, or conversations, or otherwise, with any officer, agent, or employee of SVP prior to execution of the Rebate shall affect or modify any of the terms or obligations contained in any documents comprising the Rebate. Any such verbal agreement shall be considered as unofficial information and in no way binding upon SVP. Notwithstanding anything to the contrary contained herein, this Rebate shall not affect any other Agreements between the Parties.
- D Customer shall not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, condition of physical handicap, religion, ethnic background, or marital status, in violation of state or federal law.
- E This Program requires inspections and measurements of the performance of the energy saving measures. Customer agrees to provide access to the Project Site for these purposes to SVP during the term of this Project.
- F No money has been received from SVP for this Project from any other incentive program.
- G Customer may be required to return a prorated portion of the total incentive monies received if the installed energy saving measures are removed or not in regular use during the five year period following the certified installation date.

**I have read and understand the Customer Agreement above. The information I have provided is true and correct.**

## Project Measures

### 1. Customer Submitted Project Energy Efficiency Measure Information

Measure #	Measure Description	Annual kWh Savings	Demand Reduction (kW)	Measure Type	Incentive Level	Potential Rebate Per Measure
						\$
						\$
						\$
						\$
						\$

Total Annual kWh Savings		Total Measure(s) Cost	
Total CO <sub>2</sub> lbs Reduction		Estimated Rebate Amount <sup>1</sup>	\$

**Notes:**

1. The total incentive amount shall not exceed 80% of the Total Measure Cost or buy down payback to under 1 year.
2. Submit Energy Efficiency Measure (EEM) Description - see CDR Application Instructions.
3. Submit EEM energy saving calculations - see CDR Application Instructions.
4. Submit proposed Measurement and Verification Plan - see CDR Application Instructions.

### 2. Approved Energy Efficiency Measure Savings and Incentives (To be completed by SVP)

Measure #	Measure Description	Approved Annual kWh Savings	Demand Reduction (kW)	Measure Type	Incentive Level	Approved Rebate Per Measure
						\$
						\$
						\$
						\$
						\$

Total Approved Annual kWh Savings		Project Cost to Install	
Payback		Approved Rebate Amount	\$

**Notes:**

5. Approved Annual kWh Savings are based upon SVP's review of submitted information and subject to SVP's analysis of the project. SVP will pay rebates based upon an annual energy savings amount that meets an acceptable level of risk and uncertainty (as determined by SVP). A higher perceived risk will result in a lower approved energy savings amount.
6. Payment of rebate amounts may be adjusted higher or lower, based upon the final results of the project Measurement and Verification Plan. Adjustments may be in the range of 0% to 120% of the Approved Rebate Amount.
