Customer Agreement

For Official Use Only

Submit the appropriate rebate form(s) and this signed rebate agreement to Silicon Valley Power for pre-approval. Once the project is completed, resubmit the rebate form(s) and rebate agreement along with the paid itemized invoice for the equipment installed. Contact SVP for instructions on invoices to ensure you meet the proof of purchase requirements. Insufficient or incorrect invoices will delay the release of the rebate check.

Agreement

- A As a qualified Silicon Valley Power Customer, I certify that I purchased and installed the indicated energy saving products after July 1st, 2010 for use in my business and not for resale. I have attached a copy of the itemized proofs of purchase and installation for my replacement work. I agree to verification inspection by Silicon Valley Power representatives of both the sales transaction and product installation. I certify that the information on the rebate form(s) is true and correct. I understand that the installed equipment must be operational and producing energy savings for a minimum of five years after the project is completed. If the equipment is removed or otherwise not producing energy savings, I may have to return a prorated amount of the rebate funds received.
- B I have not received any other rebates for the equipment indicated on the rebate form(s). The rebate form(s) is attached and is made part of this agreement.
- C Rebate amounts are limited to 100% of the actual price of the eligible equipment.
- D Silicon Valley Power's Public Benefit Programs operate under a July-June annual budget calendar. Rebate funding is limited by the annual budget. Rebate applications are accepted on a first come, first served basis until the rebate budget is expended.

I have read and understand the program rules. I have read and agree to the terms and conditions stated in this rebate agreement.

PROGRAM GUIDELINES

- All projects must submit an application and obtain pre-approval from SVP before contracting for the purchase or installation of equipment. SVP will conduct pre and post site inspections.
- Projects should be completed within 6 months of the date of pre-approval. Projects requiring more time must submit a request for extension. This request will be approved or denied at SVPs discretion.
- A post-inspection must occur within 1 month of the installation date.
- Detailed, dated copies of all invoice(s) must be submitted along with pertinent equipment data/cut sheets within 2 months of installation.
- Efficiency levels and other requirements may apply to specific types of equipment. Read the information on the specific programs for the equipment in which you are interested.
- Equipment purchased for inventory or resale does not qualify for funding.
- The rebate recipient will be responsible for any tax liability resulting from the rebate payment.
- SVP will not reimburse taxes paid for a project.
- Energy efficiency levels must exceed city code or development requirements.
- Each customer is limited to receiving a maximum of \$600,000 of Public Benefit funds on an annual basis. This includes all incentives received through all SVP energy efficiency programs. *The Energy Innovation Program grant is excluded from this limit.*
- SVP will not buy the payback period down below 1 year.
