Customer Agreement

For Official Use Only

Submit the appropriate rebate form(s) and this signed rebate agreement to Silicon Valley Power for pre-approval. Once the project is completed, resubmit the rebate form(s) and rebate agreement along with the paid itemized invoice for the equipment installed. Contact SVP for instructions on invoices to ensure you meet the proof of purchase requirements. Insufficient or incorrect invoices will delay the release of the rebate check.

Agreement

- A As a qualified Silicon Valley Power Customer, I certify that I purchased and installed the indicated energy saving products after July 1st, 2010 for use in my business and not for resale. I have attached a copy of the itemized proofs of purchase and installation for my replacement work. I agree to verification inspection by Silicon Valley Power representatives of both the sales transaction and product installation. I certify that the information on the rebate form(s) is true and correct. I understand that the installed equipment must be operational and producing energy savings for a minimum of five years after the project is completed. If the equipment is removed or otherwise not producing energy savings, I may have to return a prorated amount of the rebate funds received.
- B I have not received any other rebates for the equipment indicated on the rebate form(s). The rebate form(s) is attached and is made part of this agreement.
- C Rebate amounts are limited to 100% of the actual price of the eligible equipment.
- D Silicon Valley Power's Public Benefit Programs operate under a July-June annual budget calendar. Rebate funding is limited by the annual budget. Rebate applications are accepted on a first come, first served basis until the rebate budget is expended.

I have read and understand the program rules. I have read and agree to the terms and conditions stated in this rebate agreement.

Title

PROGRAM GUIDELINES

- All projects must submit an application and obtain pre-approval from SVP before contracting for the purchase or installation of equipment. SVP will conduct pre and post site inspections.
- Projects should be completed within 6 months of the date of pre-approval. Projects requiring more time must submit a request for extension. This request will be approved or denied at SVPs discretion.
- A post-inspection must occur within 1 month of the installation date.
- Detailed, dated copies of all invoice(s) must be submitted along with pertinent equipment data/cut sheets within 2 months of installation.
- Efficiency levels and other requirements may apply to specific types of equipment. Read the information on the specific programs for the equipment in which you are interested.
- Equipment purchased for inventory or resale does not qualify for funding.
- The rebate recipient will be responsible for any tax liability resulting from the rebate payment.
- SVP will not reimburse taxes paid for a project.
- Energy efficiency levels must exceed city code or development requirements.
- Each customer is limited to receiving a maximum of \$600,000 of Public Benefit funds on an annual basis. This includes all incentives received through all SVP energy efficiency programs. *The Energy Innovation Program grant is excluded from this limit.*
- SVP will not buy the payback period down below 1 year.

Sustainable Buildings Rebate Application

LEED Registration & Certification

All rebates must be pre-approved by SVP prior to purchase and installation.

Project Information

	Building Size (sq.ft.)	Certification or Registration?	Rebate (\$)
Facility Name _____			
Street Address _____			
Owner/ Business _____			
	LEED Rating System:		
	LEED Certification Level Achieved:		

Instructions:

1. See Program Rules on page 2 (back side of this application).
2. Enter name and address of facility.
3. Enter building size in square feet.
4. Enter owner and/or business name.
5. Identify if this application is for LEED registration or LEED certification.
6. Enter rebate amount as determined from incentive tables below.
7. For certification, enter applicable LEED Rating System (see Program Rules).
8. Enter the LEED Certification level awarded by USGBC.
(Certified, Silver, Gold, or Platinum)
9. If you need help completing this form, call 408-615-6650.

Incentive Tables

Registration Incentive

Description	Bldg Size (sq. ft.)	Incentive Level
LEED Registration	All sizes	Up to \$3000.00

LEED Certification Incentive Levels

Description	Bldg Size <50,000 sf	Bldg Size	
		50,000 - 500,000 sf	Bldg Size >500,000 sf
LEED-NC, LEED-C&S	\$7,500	\$4,500 + \$0.06 per sf	\$34,500
LEED-EB, CI	\$4,500	\$2,500 + \$0.04 per sf	\$22,500
Bonus for Silver Certification	All sizes	\$1,500	
Bonus for Gold Certification	All sizes	\$5,000	
Bonus for Platinum Certification	All sizes	\$10,000

Sustainable Buildings Rebate Application

LEED Registration & Certification

Program Rules

1. Incentives are based upon registration and successful certification of your facility through the United States Green Building Council's (USGBC) Leadership in Energy and Environmental Design (LEED) Program.
2. Proof of registration/certification from USGBC must be submitted with this application form.
3. For certification incentives, energy compliance documentation must also be submitted to SVP.
4. Submit one application at the time of registration and one at the time of certification.
5. New buildings must exceed **current** Title-24 Energy Efficiency Standards by at least 10% in order to be eligible for a LEED certification incentive.
6. Efficiency levels should exceed city code or development requirements.
7. Registration incentive is equal to USGBC project registration fee as published by GBCI for LEED 2009.
8. The following requirements apply to each rating system/building type:

LEED-NC (New Construction), LEED-C&S (Core and Shell)

- a. Exceed Title 24 by a minimum of 10%.
- b. For LEED C&S, incentives will be paid for registration and certification only (pre-certification is excluded).

LEED-EB (Existing Buildings)

- c. Re-certification is not eligible for financial incentives.
- d. You must obtain a total of at least eight (13) out of the eighteen (18) points possible in the following Energy and Atmosphere credit:

EA Credit 1 (Optimize Energy Efficiency Performance)

LEED-CI (Commercial Interiors)

You must obtain 6 points for the two areas listed below.

- e. EA Credit 1.1 (Reduce Lighting by 15%): (1) point required.
- f. EA Credit 1.3, Option 2, Path 1: (5) point required.
(Demonstrate HVAC system component performance is 15% better than Title 24)
