

Commercial Solar Rebate Bonus Payment Form

Silicon Valley Power is offering a 30% bonus on the commercial solar rebates (Lump Sum and Performance Based options) that are initiated and completed in 2026.

Eligibility

- Pre-approval is required for all rebate applications prior to installation.
- Permits must be issued after January 1, 2026, and systems must receive final building permit sign off and Permission to Operate (PTO) by December 31, 2026.
- Rebate including the bonus will be capped at 70% of total system cost.
